

For Lab Use Only:							Test Code	Single Test	Price
Requestor Name							S01	Alpha/Beta Acids (50g)	\$50.00
Company Name							S02	Iso-Alpha Acids (50g)	\$40.00
Address							S03	Total Oil (150g)	\$50.00
Address 2							S04	Terpenes Analysis (150g)	\$120.00
City		State		Zip		S05	Moisture Content Analysis (15g)	\$25.00	
Phone							S06	Aroma Analysis (150g)	\$100.00
Email							S07	GC Thiol Analysis (50g)	\$200.00
Additional Email							S08	Thiol and Terpene Analysis (200g)	\$225.00
Lab ID	Sample ID	Test 1	Test 2	Test 3	Test 4	Sample Date	Test Code	Test Package	Price
							P01	Standard Hop Assessment (200g)	\$300.00
							P02	Aroma Assessment (150g)	\$115.00
							P03	Comprehensive Hop Assessment (250g)	\$500.00
							P04	Standard Thiol Assessment (150g)	\$350.00
							P05	Quantitative Hop Analysis (200g)	\$80.00
							Please contact us for our list of accredited tests.		
							HopTechnic® does offer testing outside of our scope, please contact us directly for testing not listed here.		
							Test methods are available upon request, prices are per submitted sample. Minimum sample quantities needed for adequate testing are listed in parenthesis following the test.		
Requestor Signature:				Date:			Special Instructions:		

P01	Standard Hop Assessment includes the following tests: alpha/beta acids, moisture content, total oil, terpenes and aroma analysis
P02	Aroma Assesment consists of the following tests: Aroma analysis and terpene analysis
P03	Comprehenisve hop analysis includes the following tests: alpha/beta acids, moisture content, total oil, terpenes analysis, aroma analysis and thiol analysis
P04	Standard Thiol Assessment includes the following tests: alpha/beta acids, moisture, aroma assessment and thiols asesement by GC
P05	Quantitative Hop Assessment includes the following tests: alpha/beta acids, total oil and moisture content analysis.
